

MESA PLANTERS

Novelty's Mesa planters, inspired by colors from nature, are made of a lightweight, proprietary resin, giving the group a distinguished, weathered look. Mesa planters are angular with a generous, stylized band at the top, providing a unique, upscale appeal. Inside, a water-minder™ insert provides for excellent drainage. Available in Lemon, Lime, Terra and Denim. Four incrementally-sized planters.

Description	Case/Pack	Lime	Terra Cotta	Lemon	Denim
